PROVIDER #s : Florida: 50-2044 | ASCLS P.A.C.E.: 511 | AGENCY #s: California: 0001

## EXPIRED COURSE LIST - Last Updated March 31, 2011

The courses that appear on this list are no longer available for course credit.

**IMPORTANT ALERT:** We have had requests from customers and group managers to allow certain courses to remain accessible for review. Some of these courses may still appear in your list to access for informational purposes only. Please **DO NOT** complete the quizzes for those courses because they are no longer valid for credit if you get audited!!

CATEGORY	CODE	P.A.C.E. 511#	TITLE	HRS
Chemistry	C009	809	Alcoholism	3
Chemistry	C001	801	Appropriate Roles of Cardiac Troponins	1
Chemistry	C002	802	Clinical Chemistry of Pregnancy	2
Chemistry	C013	813	Clinical Controversies in Screening Women for Thyroid Disorders During Pregnancy	1
Chemistry	C007	807	Ecstasy (MDMA)	2
Chemistry	C011	811	Estrogen Receptors/SERMS	2
Chemistry	C010	810	Human Nutrition	2
Chemistry	C006	806	Therapeutic Drug Monitoring	3
Chemistry	C005	805	Tumor Markers	3
Chemistry	C012	812	Update on Cardiac Biomarkers	1
Chemistry	C008	808	Vitamins	3
Cytogenetics	CYG001	653	Understanding Gene Testing	2
Cytology	CY004	474	Analysis of Atypical Urine Cytology	1
Cytology	CY001	471	Cervical Cancer Prevention	2
Cytology	CY005	475	Detection of Malignant Hematopoietic Cells in CSF Previously Diagnosed as Atypical or Suspicious	1
Cytology	CY006	476	FNA of Adrenal Cortical Carcinoma	2
Cytology	CY002	472	Routine Vaginal Cuff Smear Testing	1
Cytology	CY003	473	Thyroid Fine Needle Aspiration & Cytology	1
Cytology	CY007	477	Weeding Atypical Glandular Cell Look-Alikes From True Atypical Lesions in Liquid Based Pap Tests	1
General	G007	412	Angiogenesis	2
General	G001	410	Cell Communication	1
General	G006	411	Preanalytical Variables	2
General	G008	413	Review of Abnormal Laboratory Test Results and Toxic Effects Due to the Use of Herbal Medicines	2
Hematology	H013	612	Acquired Hemophilia A: A Concise Review	1
Hematology	H008	607	All Mixed Up About Mixing Studies	2
Hematology	H001	601	Cord Blood Stem Cell Transplantation	2
Hematology	H010	609	Garbage In-Garbage Out: Talking Trash About Preanalytical Variables	2
Hematology	H011	610	Heparin Induced Thrombocytopenia and Thrombosis	1
Hematology	H004	604	Math for the Hematology Lab	2
Hematology	H007	606	Multiple Myeloma	3
Hematology	H009	608	Non-Hodgkin's Lymphoma	3

# Continuing Education Unlimited

6231 PGA Blvd / Ste 104, #306 / Palm Beach Gardens, FL 33418 / FAX: 561-775-4933

PROVIDER #s : Florida: 50-2044 | ASCLS P.A.C.E.: 511 | AGENCY #s: California: 0001

CATEGORY	CODE	P.A.C.E. 511#	TITLE	HRS
Hematology	H003	603	Platelet Maturation and Function	1
Hematology	H012	611	Reduction of D-Dimer Levels After Therapeutic Administration of Antithrombin	1
Hematology	H002	602	Stem Cells: A Primer	2
Histocompatibility	HC001	340	Donor to Host Transmission of Bacterial and Fungal Infections in Lung Transplantation	1
Histology	HI011	490	Acetic Acid-Zinc-Formalin	1
Histology	HI009	488	Ageing of the Human Epidermis: The Role of Apoptosis, Fas, & Telomerase	1
Histology	HI012	491	Collision Tumor of the Thyroid	1
Histology	HI002	485	Cytochemistry & Immunohistochemistry	1
Histology	HI013	492	HER-2 Amplification in Tubular Carcinoma of the Breast	1
Histology	HI014	493	Large Bowel Carcinoid Tumors	1
Histology	HI008	486	Squamous Cell Carcinoma	2
Histology	HI010	489	The Appearance of Fungi in Tissues	2
HIV Update	HIV004	401	4 Hour Florida HIV/AIDS	4
HIV Update	HIV002	400	Florida HIV Update	2
HIV Update	HIV05	402	HIV/AIDS	2
HIV Update	HIV07	403	Revised Recommendations for HIV Testing	2
Immunohematology	IH008	708	Bar Code and Radio-Frequency Technologies Can Increase Safety & Efficiency of Blood Transfusions	1
Immunohematology	IH001	701	Blood Substitutes	2
Immunohematology	IH009	709	Buffering and Dilution in RBC Storage	1
Immunohematology	IH006	706	New Protocols In Serologic Testing	2
Immunohematology	IH005	705	RBC Antigen Changes in Malignancy	2
Immunohematology	IH004	704	The HLA System	2
Immunohematology	IH010	710	Toward rational FFP Transfusion	1
Immunohematology	IH002	702	Transfusion Issues in Selected Patient Populations	2
Immunohematology	IH007	707	Variations in Pretransfusion Practices	1
FL Laws & Rules	LR09	408	Florida Lab Laws & Rules	2
FL Laws & Rules	LR07	407	Florida Lab Laws and Rules	1
FL Laws & Rules	LR05		Florida Laboratory laws & Rules	1
FL Laws & Rules	LLR	409	Florida Laws and Rules	1
Mgmt/Safety	SU011	509	Laboratory Ergonomics	1
Mgmt/Safety	SU010	508	Packing & Shipping of Diagnostic Specimens and Infectious Substances	3
Mgmt/Safety	SU004	501	Primary Containment for Biohazards	3
Mgmt/Safety	SU003	502	Safety	1
Mgmt/Supervision	SU009	505	"Meeting of the Minds" – An Introduction to the Art of Business Meetings	1
Mgmt/Supervision	SU012	510	A Laboratory Primer	2
Mgmt/Supervision	SU007	505	CLIA Review	2
Mgmt/Supervision	SU001	500	Current Legal Issues in Performance Appraisal	3
Mgmt/Supervision	SU008	506	Evaluating Your Staff	1
Mgmt/Supervision	SU002	501	Quality Assurance and Quality Control	2
Medical Errors	ME001	430	Medical Errors	2
Medical Errors	ME09	433	Medical Errors and the Laboratory	2

PROVIDER #s : Florida: 50-2044 | ASCLS P.A.C.E.: 511 | AGENCY #s: California: 0001

CATEGORY	CODE	P.A.C.E. 511#	TITLE	HRS
Medical Errors	ME07	432	Medical Errors Prevention	2
Medical Errors	ME05	431	Prevention of Medical Errors	2
Microbiology	M007	556	Antibiotics	3
Microbiology	M011	561	Clostridium difficile Associated Disease	2
Microbiology	M008	560	Culture Media Basics	2
Microbiology	M004	554	General Concepts in Specimen Collection and Handling	2
Microbiology	M006	555	Herpes Simplex Virus	2
Microbiology	M010	559	Invasive Fungal Sinusitis of Isolated Sphenoid Sinus in Immunocompetent Subjects	1
Microbiology	M001	551	Microbiology of Dental Decay & Periodontal Disease	2
Microbiology	M009	558	Principles of Antimicrobial Action and Resistance	2
Microbiology	M003	553	Selected Bacterial and Fungal Media	3
Microbiology	M005	557	Understanding Emerging and ReEmerging Infectious Diseases	3
Microbiology	M002	552	Zyvox: New Agent in the War Against Super Bugs	2
Molecular Path.	MP005	655	Clinically Significant Molecular Markers for Uremic Disease	1
Molecular Path.	MG002	652	Gene Therapy for Diseases of the Lung	2
Molecular Path.	MG003	653	Molecular Epidemiology: An Essential Component of Infection Control Programs	1
Molecular Path.	MG004	654	Molecular Methods for Microbial Identification and Characterization	2
Molecular Path.	MG001	651	Primer on Molecular Genetics	3
Phlebotomy	PH001	320	Comparison of Lab Values Obtained by Phlebotomy vs. Saline Lock Devices	1
Serology	S005	755	Complement	2
Serology	S006	756	Hepatitis C Virus	2
Serology	S008	758	Immunoglobulins	1
Serology	S001	751	Marijuana and Immunity	2
Serology	S012	762	Natural Killer Cells and Reproductive Failure	1
Serology	S013	763	Principles of Immunohistochemical Techniques Used in Clinical Laboratories	1
Serology	S009	759	Solid Organ Transplantation	3
Serology	S010	760	Soluble Mediators of the Immune System	3
Serology	S007	757	The Lymphoid System	2
Serology	S003	753	Understanding Autoimmune Diseases	2
Serology	S002	752	Understanding The Immune System	2
Serology	S011	761	Understanding Vaccines	2
